HI WE'RE PACKNET.

THE NORTHERN QUARTER'S NEWEST (ONLY??) PHONE COMPANY\*

We do internet telephony  
for business. Our customers  
save lots of wonga+, provide  
a better service to their  
clients and can be as flexible  
as they need to be.

HOW DO WE HELP THEM DO THIS?

JUST ASK US! SIMPLES. #

\* given that we're a phone company we really should have rung you. But we don't have your number, so this leaflet will have to do for now!

+ spot the topical reference?

# unashamed catch-phrase rip off...
